About the SPF

The core function of the Singapore Police Force is to protect the people who live in Singapore from crime. In order to achieve this, the SPF applies the strategies of _____, _____ and _____.

It is the goal of the SPF to make Singapore the safest country in the world. SPF strives to ensure the _____, _____ and _____ of Singapore.

Functions of NPCs and NPCOs

One of the main duties of NPC officers is to carry out _____, for SPF to maintain law and order, prevent and detect crime, and achieve a strong sense of safety and security.

After learning about what the SPF, NPCs and NPCOs do, what can you, as an NPCC cadet, do to support the SPF's crime prevention efforts?

The SPF employs different modes of patrol such as...

Fast Response Car Patrols

Bicycle Patrols

Foot Patrols

Food for thought:

Why is it necessary for the Police to conduct patrol?

Be careful!

Always check that the person approaching you is a real police officer.

If they are not in uniform, look out for their warrant card.

A real police warrant card has a holographic design that will show up clearly under UV light.

What should you do when you see a suspicious person or vehicle, or suspect that a crime has taken place?

You should provide the following information when making a police report:

S	<i>Size</i>	<i>The number of people committing the crime (Size of group)</i>
A		
L		
U		
T		
E		

Activity: List down all the details necessary for a police report on the crime shown on the screen!

Police sometimes collect information by interviewing people who were at the crime scene. Police officers will interview **victims**, **witnesses**, and **suspects**.

Food for thought:

What are some steps that can be taken to ensure an interview is effective?

Group Task

- You will be working with your squad mates on this role-playing task.
- Teachers/facilitators have been given the necessary instructions and will lead the session.
- You are given 20 minutes to prepare for the skit.
